

# 2 Key Things to Know About Catching the Last Train for TVC

## Tax-deduction window closes in March

For the 2025-2026 tax year, your tax deductible voluntary contributions (TVC) must be received by the eMPF Platform on or before 31 March 2026, otherwise, you miss the deduction opportunity for this assessment year.

## Enrolment takes time

While the Platform aims to complete TVC enrolment within 4 working days, the required due-diligence checks may take longer if additional information or verification is needed. To avoid missing the tax deduction opportunity, you are advised to submit your enrolment and contributions as early as possible.

### QUICK TIP

You may choose to submit your contribution payment by cheque via post to the Platform (PO Box 98929 Tsim Sha Tsui Post Office). Please allow sufficient mailing time to ensure it is received **on or before 31 March 2026**.

Alternatively, you may drop off your cheque in the drop box at any eMPF Service Centre. Please clearly write on the back of the cheque: (i) **"TVC"** and (ii) your 8-digit **"eMPF Member Account No."** OR if your TVC account is still being set up, your 11-digit **"eMPF ID"**.

**Notes:** 1. Please also make sure the payee name is correct and affix sufficient postage to ensure your cheque is received by 31 March 2026. | 2. Post-dated cheques will not be accepted.
